

WHY HEALTHCARE PROFESSIONALS REFER THEIR PATIENTS TO CLASSIC HOME CARE-LIVINGSTON

Specialty Programs

Classic Home Care has developed specialty programs in key areas of their home care practice.

Examples of these specialties include:

- Classic Diabetes Home Management Program
- Classic Wound Care Management Program

To find out more about these programs, call Classic Home Care at (810) 229-2271 to set up an appointment with a Classic Home Care Liaison.

Ease of referral

Classic Home Care is committed to saving you time and aggravation in the referral process. We can even provide you with a simple form for faxing a referral.

Community Liaison Coverage

We look at our liaisons as an important tool to helping patients make the transition from facility to home. Our professional liaisons are knowledgeable in all areas of homecare and are available to conference at facilities with patient's and their families regarding home care services.

Easy Access to Classic Staff

We understand the importance of having a person to talk to rather than an answering machine when you call to make a referral or have questions - therefore there are no complex answering systems to maneuver through at Classic Home Care.

Commitment to Physician Protocol

Classic's liaison or clinical staff is available to the physician office to discuss any special protocols in providing home care services. We diligently follow the directives, protocols and care parameters of the physician, and provide regular communication to all members of the health care team.

Classic Home Care—Livingston

provides home care services in Livingston, Washtenaw and Northwestern Oakland Counties seven days a week and offers 24 hour on-call access for admission and clinical intervention.

To make a referral or get more information about Classic Home Care-Livingston:

Recover at home with . . .

CLASSIC
HOME CARE
-LIVINGSTON

THERE IS NO PLACE LIKE HOME TO RECOVER FOLLOWING AN ILLNESS, SURGERY OR INJURY

LET CLASSIC HOME CARE- LIVINGSTON MAKE IT HAPPEN

Because our home is generally the place where we are most comfortable, it only makes sense that our home is the place most of us would choose to continue our recovery following an illness or hospitalization.

Under the direction of your attending physician, Classic Home Care staff provides an array of services with one goal in mind...your return to optimal health and independence.

WHAT YOU CAN EXPECT FROM CLASSIC HOME CARE-LIVINGSTON

CARE THAT FOCUSES ON THE INDIVIDUAL

Our Liaison staff can meet with you or your family in the hospital or nursing facility prior to your return home. They will facilitate your discharge home by making sure that all equipment and supplies have been ordered and provide answers to any questions or concerns you may have regarding your care in the home. The Classic Home Care Nurse will call once you are at home to set up a time for your first home care visit.

CLASSIC HOME CARE-LIVINGSTON CAN PROVIDE SERVICE IN THE HOME . . .

- ... following surgery - including total hip and total knee replacement.
- ... if you have a new diagnosis of diabetes, or if your diabetes is uncontrolled.
- ... when you have a new diagnosis of congestive heart failure.
- ... following a stroke.
- ... if you have a wound that has proven difficult to heal.
- ... when you suffer from pain that is severe or intractable.
- ... when your medication regime is complex and requires frequent adjustment.
- ... when you have difficulties breathing or are frequently short of breath.
- ... when you have a diagnosis of cancer.

Our intake professionals at Classic Home Care will take the time to assist you in determining your insurance coverage for home care.

INSURANCES ACCEPTED:

- Medicare
- BCBS

SERVICE PROVIDED BY CLASSIC HOME CARE-LIVINGSTON

Medicare will cover 100% of home care services if the patient meets Medicare's criteria and if the patient is homebound, or finds it difficult to leave home to receive care and treatment.
